F a l l 1936 - S p r i n g 1937.

If an order is placed with us, the following conditions are considered as agreed upon between the firm giving the order and us as suppliers and we beg you to pay attention to them.

Conditions: All offers and acceptances of orders are subject to the conditions of the season's crop. The seeds are shipped at the purchaser's risk. Alterations of prices reserved. Every order is firm after being acknowledged by us.

Our deliveries are to be examined immediately after receipt of the goods. Eventual objections are to be made by letter at the latest three days after receipt of the goods. We guarantee the true variety of the seeds delivered up to the purchase price.

Rates: 25 lbs of one variety are sold at the 100 lbs rate. The price for quantities under 1 lb is higher by 10 %.

Terms: Prices are quoted fob Wr. Neustadt, in U.S.A. Dollar, on the present base of a minimum value of the U.S.A. Dollar of Austrian Shillings 5.20.

In the case of an eventual decline of the Dollar under this base, we should be forced to charge the difference.

Unknown customers are asked to send us together with their orders a check. If they don't send one, we suppose that they wish to pay c.o.d. to our forwarding agents, less special arrangements are made before concluding the bargain.

"Do not forget to add your Permit Number to your orders!"
The import of seeds into the U.S.A. is only allowed on condition that a permit is obtained.

We set value on your good opinion and appreciate your orders. We assure you that we shall always be ready to make up for any mistake and to uphold our obligations.

Kindly place your orders as early as possible that we may be able to supply all items wanted. All orders are booked and executed in the turn of their arrival.
